New Yuut Elitnaurviat Infrastructure: 16 more beds; 4 more classrooms.

With school back in session and the Kuskokwim Learning Academy still occupying the Yukon Dormitory, Yuut Elitnaurviat and LKSD have been adding infrastructure to our campus to accommodate both our cooks and our adult learners. The newly named Kilbuck Dormitory (**above**) is not a permanent structure, but should be able to house all of our anticipated adult students for the next two to three years while LKSD is building a new school on the old site. We have also added four portable classrooms outside of the Construction Trades shop (**below**) for KLA's regular classes.

ABE Summer Intensive Series

Over the summer, Yuut Elitnaurviat's ABE staff brought village students to Bethel for a series of week-long intensive courses aimed at the four sections of the GED Test Battery. Six students passed all of their GED tests and earned their diplomas. A handful of other students have just one or two more tests to pass. The ABE center is open Monday - Friday, 8 AM to 5 PM at the Yuut Elitnaurviat office in Bethel. Come work on earning your GED!

GED WORKS

Upcoming GED Works Training for YKHC Hospital Expansion

YKHC's Dr. Paul John Calricaraq Project is projected to take four to five years, and provides an economic opportunity for the region that will be lost if local people are not placed in these local construction and health care provider jobs. Students who have received their HS Diploma or GED since 2010 qualify for free construction, healthcare, and driver training under Yuut Elitnaurviat's GED Works Grant. Call the GED Works Program Coordinator at (907) 543-0955 for more information, or check our Facebook page and website for specific classes and times.
